Difficult-To-Obtain Medication Now Available

COMPOUNDED PIMOBENDAN AVAILABLE FROM WEDGEWOOD PHARMACY

Wedgewood Pharmacy, one of the nation's largest compounding pharmacies, announces the availability of Pimobendan capsules. Prescribed by veterinarians primarily to treat canine cardiac disease, the medication will be compounded in customized strengths to meet the specific needs of individual patients. "When veterinarians cannot easily obtain the medications they need, a capable compounding pharmacy may become the best source for the appropriate treatment," said George Malmberg, RPh, CEO of Wedgewood Pharmacy. "We are glad we can provide another therapy option for veterinarians and their patients."

Trusted by over 17,000 doctors nationwide, Wedgewood Pharmacy specializes in compounding medications that would otherwise be difficult to obtain such as Trilostane, Cyclosporine, and Methimazole.
